

Quick Guide

Name of Product: Hiro

Model: SH2001

FCC ID: 2AGLRSH2001

Front

Back

Adding a Hiro:

- 1) Download Android or iOS App.
- 2) Remove Hiro From the Package.
- 3) Press the Button (the letter "o" on Hiro) once until you hear an audible beep.
- 4) Launch the Hiro App.
- 5) Press the "+" Button.
- 6) Select the Hiro when it shows up on the list.
- 7) Once added you can add the name and picture for your hiro.

If you wish to remove the device from your phone.

- 1) Turn Bluetooth Off.
- 2) Launch the hiro app.
- 3) Go under settings and delete the Hiro.
- 4) Hold the button on the Hiro for 5 seconds to delete the pairing info stored on the Hiro.
- 5) Hiro will automatically go into a low power sleep mode after three minutes but you will still be able to find it with your phone.

Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC RF warning statement: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
